

**We believe:**

- No one should live in pain.
- No one should live in fear.
- No one should die feeling alone.
- Everyone deserves to be a *partner* in his or her care, not just a patient.
- Children deserve to have their grief honored and their lives celebrated.
- We are changing the way people face living, dying and death for the better.

San Diego Hospice and The Institute for Palliative Medicine is a 501 (c)(3) non-profit organization that relies on charitable support to provide its programs and services.

At San Diego Hospice and The Institute for Palliative Medicine, our goal is to relieve suffering, to restore dignity and to comfort people living with a life-limiting disease. As the leader in the relief of suffering, we offer compassionate care that treats the whole person, not just the patient, and supports the entire family. Usually we provide hospice care at home.

But for patients with short-term, acute care needs, we have a dedicated inpatient facility in North County. The **San Diego Hospice Care Center at GlenBrook** is staffed by our compassionate team of specially trained doctors, nurses, social workers, spiritual counselors and volunteers. They are experts in managing pain and improving quality of life, whatever the diagnosis.

### **Close to home**

For people in North County, our care center offers a comfortable setting close to home. One of the region's premier skilled nursing centers, GlenBrook is part of the beautiful La Costa Glen retirement community in Carlsbad, located in a 55-acre park-like preserve. Restaurants and shopping are just next door.

**For hospice patients with acute care needs, we have a dedicated in-patient facility in North County.**

The entrance to the San Diego Hospice Care Center at GlenBrook.

Each of our six semi-private rooms has a garden view. Every patient gets an individual television and if space allows, private rooms are available for an additional fee.

We know how important it is for family members to visit. That's why we welcome visitors of all ages, even pets. Our family lounge is fully equipped with a television, DVD library and children's toys. For hospice patients who need short-term, acute care, there is simply no better place in North County than the San Diego Hospice Care Center at GlenBrook.

### Compassionate care

Our teams of specialists provide not only expert care, but peace of mind. Our highly knowledgeable staff creates individualized care plans that meet the needs of each patient. We also offer comfort through alternative therapies, including aromatherapy, pet therapy and art therapy. In addition to our team-based medical care, we provide emotional and spiritual counseling for the patient and the whole family. Because you matter.

#### Directions from Interstate 5:

- Take the Leucadia Blvd. Exit
- Go east on Leucadia Blvd.
- Left on Garden View
- Garden View becomes Calle Barcelona
- Arrive at **1950 Calle Barcelona, Carlsbad, CA 92009**
